## DISINFECTANT AND DEODORISERS

### Parvovirucide

Parvovirucide is a one stop cleaner/disinfectant, which has been tested and proven by DEFRA to inactivate Parvovirus at dilutions of 200:1. It inactivates virus, bacteria, fungi, moulds, yeasts, ycoplasma and protozoa.

1 litre €18

5 litre €45

### Odor Kill

A very powerful deodoriser, known for its ability to kill even the strongest smells! Odor-Kill can be sprayed wherever smells persist, not only in kennels or cattery, but in the house where lingering doggy smells, male cat odours, tobacco smells, cooking smells can all be destroyed. A small amount in the Hoover bag will do away with stale dusty vacuum smells.

1 litre €18

5 litre €45
